

Catalog No. PM3212W

Description: LOAD CTR MCB 125A 32CKT N1 WHITE PON

UPC No 783164640700

Home > Load Centers > Load Centers

PowerMark PRO main breaker plug-on neutral load centers arrive with a main circuit breaker installed for a convenient and swift install. Main circuit breakers allow for the user to stop the flow of electricity in the load center, shutting off all the power in the residence. The PM3212W features spaces for 32 - 1" circuit breakers and 64 circuits, a 125-ampere bus rating, copper bus bars, and a white combination/flush enclosure.
